

# CUSP 2025 Annual Meeting

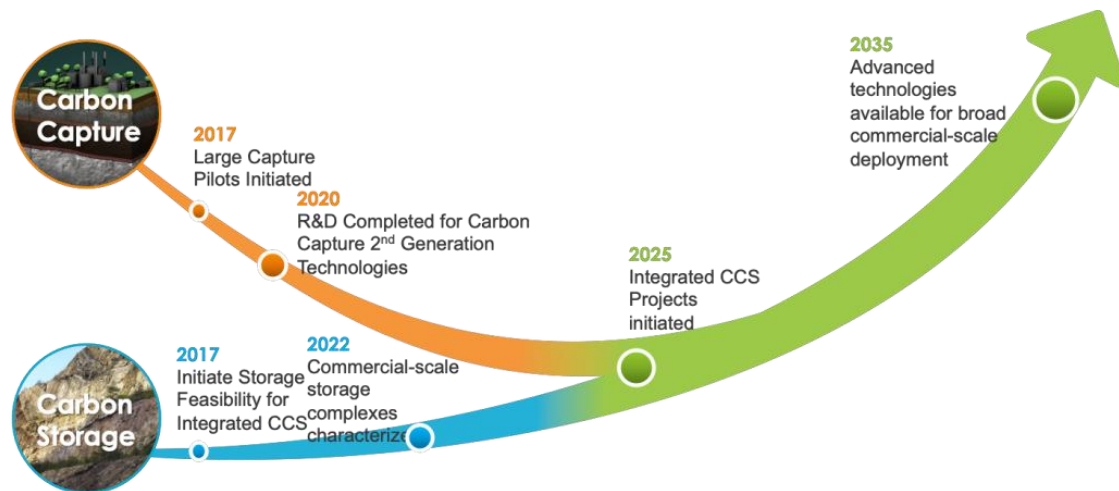

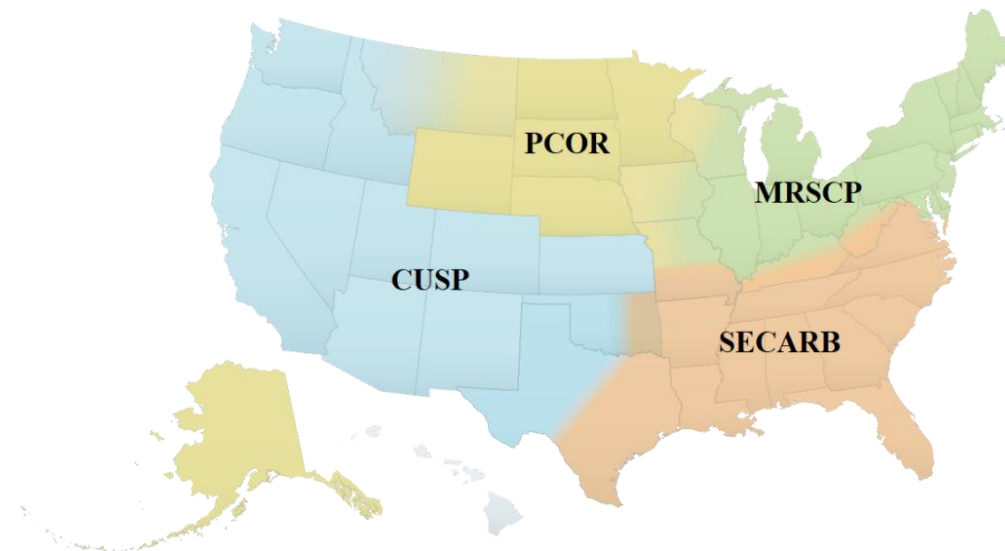

Save the date!  
June, 24 - 25  
Salt Lake City, Utah

# CUSP OVERVIEW

The Carbon Utilization and Storage Partnership of the western U.S. (CUSP-west) is one of the four regional initiatives established to support the mission of the **U.S. Department of Energy/National Energy Technology Laboratory Carbon Storage and Transport Program**. The regional initiatives facilitate and integrate information for their respective regions to accelerate **Carbon Capture, Utilization, and Storage (CCUS) deployment**.

The CUSP project is a research consortium of all or parts of 14 states, consisting of organizations throughout the western United States including **academia, government agencies, national laboratories, and industry**.

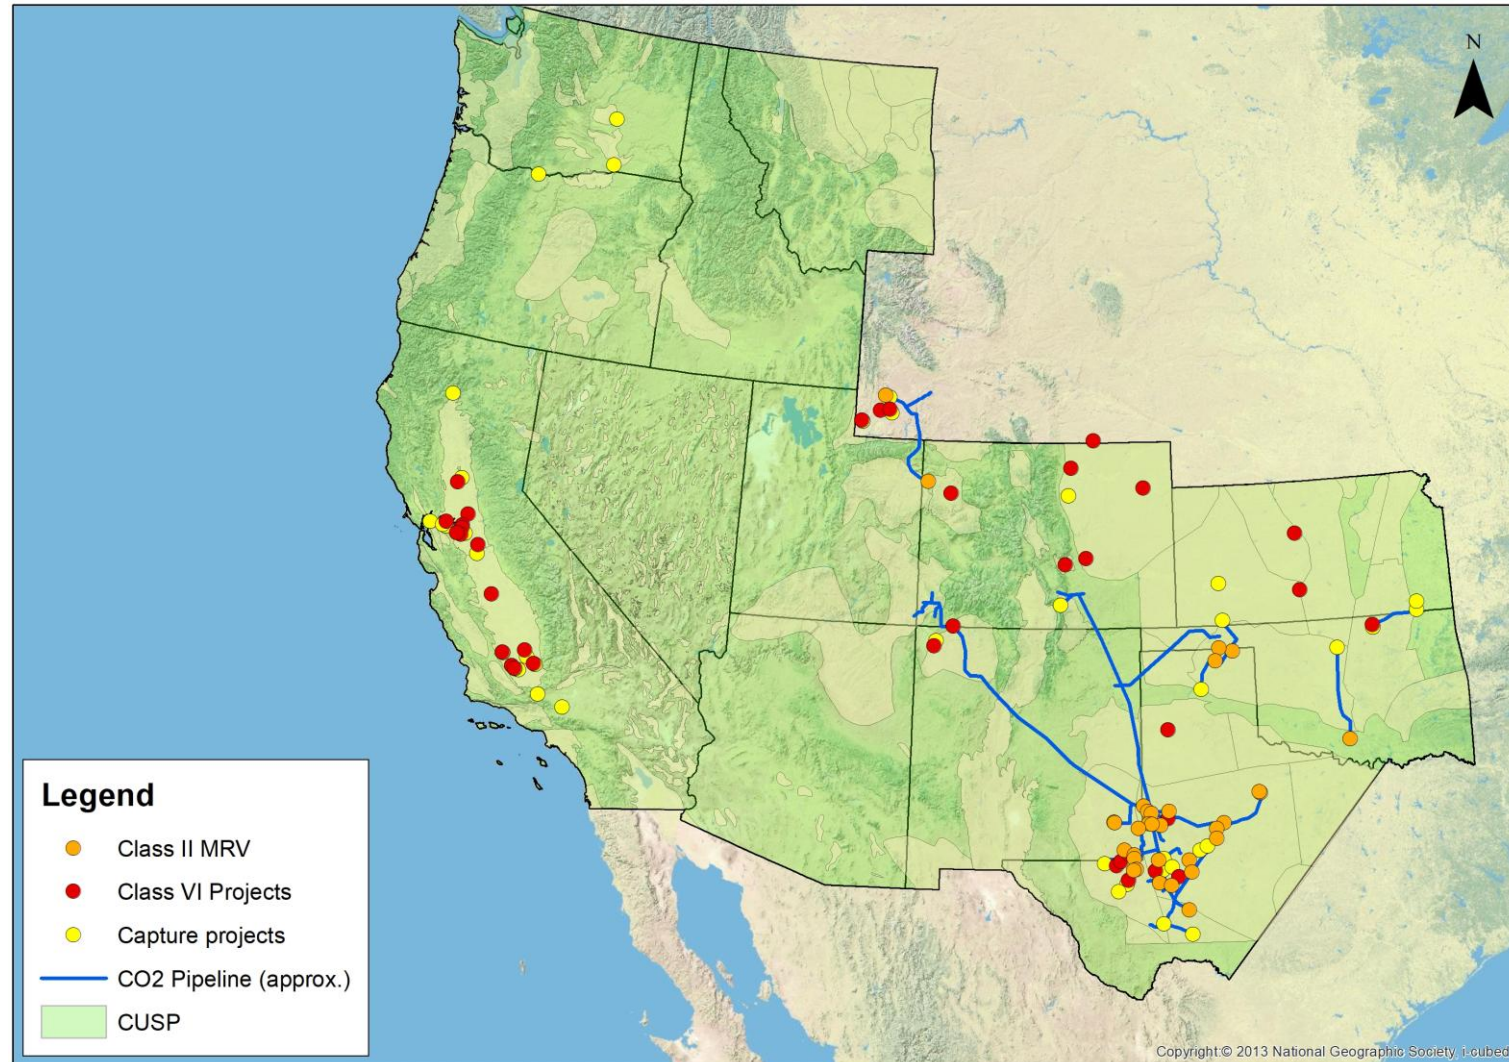

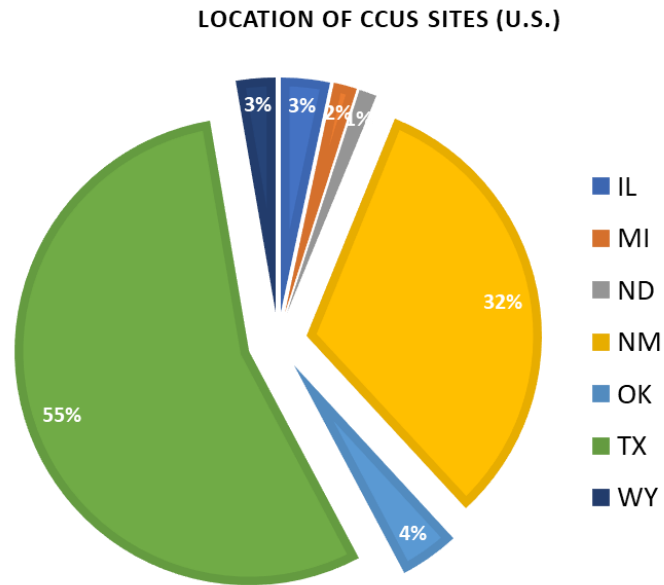

CUSP is a Department of Energy-funded Regional Initiative established to accelerate **onshore CCUS technology deployment in the Western Region of the United States**.

# CUSP OVERVIEW

The CUSP region leads the nation in CCUS deployment activity.

# MEETING OVERVIEW

---

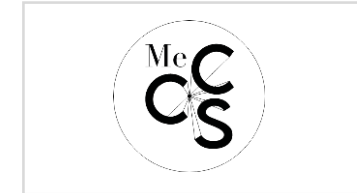

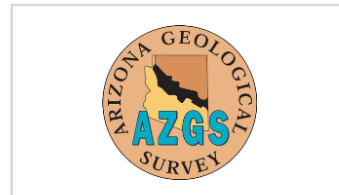

CUSP-West and Utah University are hosting the last CUSP Annual Meeting in **June 24-25 in Salt Lake City, Utah.**

This event aims to highlight CUSP's accomplishments, explore current challenges to deployment, and outline next steps, while also fostering broader discussions on the CCUS industry. Key topics will include:

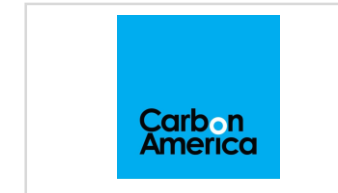

- **Overview of CUSP accomplishments**
- **Class VI primacy and regulatory discussions**
- **Industry focus for CCUS deployment**
- **Next steps toward a sustainable CUSP**

# WHO WE WORK WITH

# INDUSTRY PARTNERS

## Become **CUSP 2025 Annual Meeting sponsor.**

Share your technology and experience with industry, research and academia to help accelerate Carbon Capture and Storage (CCS) and Carbon Capture Utilization and Storage (CCUS) in the Western US.

- Share your technology and experience
- Connect with energy leaders and innovators
- Support event activities like the reception, food, and meeting logistics

Your sponsorship makes this event possible.
